# F-1 Practical Training

# F-1 Practical Training

- Benefit of F-1 student status
- Paid work in your field of study
- Off-campus, non-Columbia employer

## F-1 Practical Training

You must be in lawful F-1 student status for one year before you are eligible

# Practical Training

Two types of practical training:

**Curricular Practical Training (CPT)** 

&

Optional Practical Training (OPT)

- directly related to your field of study
- done with a specific employer
- fulfills a degree requirement or elective course
- academic credit toward the degree
- authorized by ISSO

Not all schools and departments at Columbia have the CPT option

It must be "an integral part of an established curriculum"

Academic degree program must have an internship requirement for all students OR

a <u>credit-earning internship elective course</u> listed in its official school bulletin

\*PhD students: CPT work must be directly related and integral to completion of your dissertation

- Undergraduate students at Columbia College,
   SEAS and GS are not eligible for CPT
- Graduate students: Please consult with your department and ISSO regarding your CPT eligibility

- Authorization is part-time (20 hours per week) during the academic year
- Full-time authorization during vacation periods

CPT Authorization is given directly by the ISSO in the form of a new I-20

 Time spent on CPT is NOT deducted from 12 months of OPT

 PhD students should not exceed 12 months of full-time CPT\*

- Since CPT is employer-specific, you must have a written job/internship offer
- You must be registered for the internship course before coming to ISSO
- You must apply with ISSO at least 7 business days prior to your start date
- Instructions: www.tinyurl.com/ISSOcpt

#### Bring to ISSO:

- **1.** Letter or internship form completed by your <u>academic</u> <u>department</u> stating:
- the specific internship opportunity
- the specific degree requirement or elective course (e.g. G7621y) that it satisfies
- the minimum requirements to complete the internship
- a reasonable period of time needed to complete the internship (1 semester can be authorized at a time)
- \*PhD students: Your adviser should provide a detailed letter stating your dissertation topic, what research/work will be carried out, and why it is necessary for the dissertation.

- 2. Letter offering internship employment <u>from your</u> employer including the following information:
- beginning and ending dates of employment
- how many hours you will work weekly
- a description of duties in sufficient detail to clearly show them as appropriate to meeting the requirements for your degree
- location where employment will take place

- Always remember to bring passport, previous I-20s and printout of electronic I-94 admission record when you visit the office.
- In 2-5 business days, ISSO will issue a new I-20 with CPT work authorization on page 3 and e-mail you when it's ready to pick up.
- You must have the new CPT I-20 in hand before beginning work!

# Optional Practical Training (OPT)

OPT is authorization granted by US Citizenship & Immigration Services (USCIS) for work directly related to your field of study

 Maximum of 12 months of OPT per educational level (Example: BS, MA, PhD)

 OPT can be used before and/or after your program of study

#### STEM Extension

Students graduating with a degree in the fields of Science, Technology, Engineering or Mathematics (STEM), may be eligible for an additional 17 months of OPT.

#### **Before Completing Program (Pre-Completion)**

- Annual Vacations: part or full time work
- Academic Year: part-time up to 20 hours/week

\*PhD Students: After completing all requirements except dissertation, can work full-time

Time authorized for OPT during academic program is deducted from 12 month total

Part-time OPT is counted at half the rate

(Example: 4 months of part-time OPT would deduct 2 months)

- Must have completed at least one academic year at the time OPT authorization starts
- You may apply up to 90 days in advance of fulfilling the academic year and not more than 90 days prior to the requested OPT start date.

(Example: If you want to begin working June 1st, you may apply for OPT as early as March 3rd)

No job offer is required to apply BUT

the authorized time is deducted from 12 months even if you don't work!

#### **OPT** is a 3-part process:

- Obtain a recommendation from the ISSO on new I-20 (may take 3-5 business days)
- 2. Send an application and \$380 fee to USCIS
- USCIS will process and send student an EAD Card (Employment Authorization Document)
